The barrel aged Flora is a transformed version of our three-flower saison, the Flora Rustica. Spending a year in lactobacillus inoculated casks changes the profile dramatically, as the earthy yarrow turns bright with lime-like aromas and acidity taking the place of the once firm bitterness of the young beer. The Flora is another take on historic saisons. Like the beers of the past, it can mature throughout the year and beyond.

Grains: pilsener, melanoidin, c120
Hops: mt. hood & willamette
Yeast: house saison
Also: yarrow, calendula
Brewed: May 21st 2014, bottled on June 5th 2015
Total yield: 94 cases, 5.5% abv
