

**Hearts' Beat is a barrel fermented fresh cherry beer. Not to be confused with a traditional kriek, the Hearts' Beat, like many of our beers, draws inspiration from many sources. The fruit is at the forefront with a strong aroma invoking kirschwasser and cherry wine, while also evident in the deep color. That boldness shares the profile with delicate floral esters and light oak spice, while a broad and balanced spectrum of acids maintains drinkability. The beer will evolve, where fruit, oak, and acids come in and out over time, although we suggest enjoying it now or before the 2019 batch is released.**

**Grains: two-row, melanoidin, special roast  
Hops: 2015 harvest columbia, aged at room temp  
Also: brooks cherries  
Brewed: June 27<sup>th</sup> 2017, bottled on June 20<sup>th</sup> 2018  
Yield: 164 cases, 8% abv**
