

Kiwi Cocktail was made for the 2017 Fruit Beer Festival. Normally we like to use local fruit here at Upright, but in an attempt to mix things up for the fest we opted for a kiwi puree recommended by other brewers. Having both a gin and vermouth barrel available, we decided to use the Saison Vert as a base and fill them with the intention of blending after a few months, creating a beer with a cocktail-esque quality that is capped by the black lime notes in the Vert. The finished beer is bright tasting and still maintains the grounded wheat profile of young Saison Vert, making a balanced barrel aged blend. This beer will be best enjoyed by summer 2018.
