

This cut from the Hearts' Beat was taken from two of the eight barrels from the 2016 vintage. Both were selected for their exceptional fruit character, tannic structure, and lively acidity. A 40/60 blend of those two casks was transferred into a keg and chilled, then hand bottled later into these 375s without any priming sugar. The resulting beer, devoid of carbonation and with a very limited Brettanomyces presence, displays the character of Baird Family Orchards brooks cherries in an almost distilled form.
